

# Sponsorship Leeds Wood Recycling

## Who are we?

Leeds Wood Recycling is a respected social enterprise in Leeds. We are a hub for members of the public, tradespeople and volunteers who share a common passion for woodwork and the environment.

## We:

- Help businesses in Yorkshire get rid of wood waste in an environmentally friendly and socially responsible way
- Offer free training and employability opportunities to marginalised people
- Divert wood from landfill by reusing and repurposing as much wood as possible, reducing demand for virgin timber and working towards a zero waste circular economy
- Provide the community with an affordable place to buy reclaimed timber
- Make high quality products from reclaimed wood
- Run inclusive woodworking courses for adults and children in the community to learn new skills in a friendly, non-judgemental environment

# What we do

**Give access to free training and experience, including CSCS cards**

**Offer inclusive Work Experience opportunities for all**

**Run woodwork courses for adults and "Young Makers"**

**Retail reclaimed timber to the public and manufacture products in-house**

**Waste Wood Collections**

**Peer to Peer Support on our Volunteer Programme**

# How can you support us?

We are looking for supporters to sponsor our not-for-profit social enterprise. Your sponsorship will mean we can continue to divert more wood from landfill and offer more opportunities to people in our community.

Your support will help us expand and improve our mission of “Doing Social Good Using Your Waste Wood”.

## What do we offer in return?

We have various sponsorship packages to meet different needs and budgets, but all our supporters benefit from our wide reach on social media: we have over 8000 Facebook followers, over 3000 Instagram followers and a growing presence on LinkedIn. For further benefits of becoming a supporter, see the table below. We also offer team building ‘away days’ and offer inhouse awareness training for inclusion in the workplace.

If you can think of your own unique way of supporting us, just get in touch!
